 Letter to my home Bill insert/newsletter

I want to receive emails from PECO about other ways to save energy. I understand that I can unsubscribe to these messages at any time and that my email address will never be shared.

Rebate Eligibility Requirements:

1. All eligibility requirements must be met to qualify.
2. The equipment system, rated as a whole system, must be ENERGY STAR® certified and meet the System Efficiency Requirements noted below.
3. System components are an outdoor/condensing unit, an indoor unit/coil, and in some cases an air handler/furnace. Eligibility is determined by ALL THREE system components. For example, a condenser may have an “up to 15 SEER” rating, but when matched with a compressor and furnace, the system may only reach 14.5 SEER as determined by Air Conditioning Heating & Refrigeration Institute (AHRI). Ask your contractor for more details.
4. Systems are rated by the AHRI and each system is assigned a unique AHRI certificate number.
5. Systems qualify for a rebate when the **SEER2** (Seasonal Energy Efficiency Ratio), **EER2** (Energy Efficiency Ratio) and **HSPF2** (Heating Season Performance Factor) meet or exceed the minimum requirements or the equivalent:
 - For ENERGY STAR Central Air Conditioner System: AHRI rated **15.2 SEER2** and **12.0 EER2**
 - For ENERGY STAR Air Source Heat Pump: AHRI Rated **15.2 SEER2**, **11.0 EER2** and **7.8 HSPF2**
6. Eligibility and rebate amount (shown in table below) are determined by the values from your system’s AHRI certificate and Equipment Installation Date. Some contractors may provide the AHRI number and/or system values to you upon request or they can be looked up on the AHRI website.
7. Qualifying equipment must be new and replace existing heating/cooling system in a residence that currently receives PECO residential electric service.
8. Customers who have chosen an alternate electric supplier are still eligible.
9. New construction is not eligible.
10. The rebate paid will not exceed the purchase and installation price.
11. An air source heat pump cannot be qualified as a central air conditioner.
12. An air source heat pump is considered by this program to be the primary heat source regardless of any supplemental heat source. No other heating source is eligible for a rebate.

Contractor/Retailer Information

Retailer Name:

Address:

City:

State:

ZIP Code:

Residential Central Air Conditioning

Product	System Efficiency Requirements*	Rebate	AHRI Number (if known)

Date: _____

Terms & Conditions

- This program term is January 1, 2026 through May 31, 2026.
- Documentation must include the completed, signed paper rebate application or online application and include a dated, paid receipt that lists the retailer/contractor name, address, phone number, product name, complete model number, installation date and efficiency information.
- Customers are responsible for any taxes associated with the receipt of a rebate.
- PECO is not responsible for items lost or damaged in the mail.
- By submitting your rebate application, customer agrees to potential verification selection. If your rebate application is approved, and customer is selected for verification, customer agrees to allow PECO or its agent access to the installation site to verify the qualified product. Failure to provide access may result in denial of the rebate request, or refund of rebate if already paid.
- Selection of qualified product, manufacturer, dealer, supplier and/or installer and purchase, installation and ownership/maintenance of the qualifying product referenced in the rebate application are the responsibility of the customer. PECO does not endorse any specific manufacturer, dealer or contractor and makes no representations regarding specific manufacturer, dealer or contractor or their workmanship. PECO makes no warranty for the use of the qualified product, and customer agrees that PECO has no liability concerning the quality, safety and/or installation of the qualified product, estimated energy savings of the qualified product, workmanship of any third parties or use of any qualified product.
- Customer is responsible for meeting program requirements and complying with all government, property owners, homeowner's association, or other requirements regarding restrictions, codes, ordinances, rules and regulations concerning the qualified product installation.
- Funds are limited and subject to availability. Rebate amounts and this rebate program are subject to change, including termination, without prior notice.
- If you checked the box (on page 1), you have given us permission to send you promotional material and information regarding PECO energy efficiency programs. You may unsubscribe from these communications at any time by following the unsubscribe link in the email.
- By participating in this rebate program, the Customer applicant agrees to abide by and be bound by these Terms and Conditions, and acknowledges that the decisions of PECO are final in all respects.
